COMMUNICATION

Applicants enclose herewith a replacement copy of the computer readable form (CRF) of the Sequence Listing for the above-identified application. Applicants were contacted on February 26, 2004 by Karen Smith of the U.S. Patent and Trademark Office, who requested that a replacement disk be supplied as the disk previously filed by Applicants was misplaced. The filing of this disk introduces no new matter as it is a copy of the previously filed disk.

Respectfully submitted,  
*Yusoff et al., Applicant*
